TEE MARKERS

Like the tee signs, our ProPlex™ tee markers are all made in our Cheshire factory, utilising the same skills and craftsmen to assure an identical level of care and attention to detail is taken with each marker.

All our ProPlex™ tee markers are virtually vandal proof and they float. Never lose another tee marker in the lake again.

The ProPlex Augusta style log tee markers are available in log or upright versions. 80mm in diameter with a coloured core than runs through the entire length of the profile means that these markers will give many years of service without the need to repaint EVER!
